Work Experience

Dave & Busters January 2024 - present

Bartender

- Delivered excellent customer service in a fast-paced, high-volume environment, balancing speed with accuracy.
- Collaborated with team members to coordinate service across bar and dining areas during peak hours.
- Trained new staff on menu knowledge, customer interaction, and operational procedures.

Upstart February 2022 - February 2023

Software Engineer

- Delivered full-stack features (React + Rails), translating product requirements into reliable solutions.
- Practiced Test-Driven Development (RSpec/Jest) and cross-team collaboration to ensure quality and efficiency.
- Supported production systems (PagerDuty, Datadog) and partnered with senior engineers on critical initiatives.
- Contributed to process improvements by implementing CI/CD and containerized environments (Docker, Kubernetes).

Fight Culture SF February 2021 - February 2022

Software Engineer

- Managed a small team, leading standups and coordinating front-end development priorities.
- Built secure React modules with role-based access controls, collaborating closely with back-end developers

Fragomen LLP

Assistant Paralegal December 2019 - March 2020

- Supported attorneys on immigration cases by preparing petitions, updating a database of 100k+ clients, and drafting official correspondence.
- Maintained accuracy and compliance in legal documentation under strict deadlines.

Education

App Academy - *Intensive 1000+ hour coding bootcamp* 2021

San Francisco State University - *Bachelor's of Arts in Philosophy* 2019
